## **DIXI DYNAMITE**

Let me tell you something 'bout a very special lady  
This girl is ready to explode  
She's nice but unpredictable  
She's sweet but uncontrollable  
One wrong word and you'll hit the road  
Never ever does things right  
Never ever satisfied  
She's moody, mean, mysterious  
Mistreats you all the time  
After one night full of passion  
You won't think that it is such a crime

Do it, do it, Dixi  
Dixi do it right  
Do it, do it, Dixi  
Dixi Dynamite  
Do it, do it, Dixi  
Dixi do it right  
Please, please, light my fuse  
Miss Dixi Dynamite

Dixi is a fool for anything that's dangerous  
Deliberately blows your mind.  
So desperate to reach the top,  
don't even dream to let her stop,  
it's hard for her to treat you kind  
Never ever walks in line  
Never ever says she's mine  
She's rude and rough but never dull  
Excites me to the bone  
She's wild and strong and beautiful  
I love to hear this wildcat groan

Dixi's eyes are black and ready to spit fire  
Every time she's furiously mad  
She scratches, hurts and bruises you  
There's nothing that a man can do  
She needs this crazyness so bad  
Never ever break her heart  
Never ever even start  
to think about leaving her  
She'll put a spell on you  
It's strange but you're in love so much  
You have to do the things you do
